Installation Process

To contact us and have your questions answered, [call us at 801-509-9798](tel:801-509-9798) or visit our showroom to talk to someone in person. Our expert will listen to your needs and give you proper estimates of your work. We will then visit your premises to take correct measurements of all your doors and windows to ensure they will fit to the fraction of an inch. You can expect the installations of our products to take a day or sometimes two. **Custom doors, windows, and shutters can take up to 3-4 weeks to be manufactured and delivered, while blinds take less than five days to complete and deliver.**

Our installers go a long way to ensure they protect your home by placing tarps on the floors and being attentive to contain the debris emanating from the work in one area.

Peach Building Products goes the extra mile to clean up after completing our work. The cleanup work involves removing the stickers, sweeping, vacuuming and cleaning of windows. We also remove used and old products and recycle them as appropriate. Upon completion of our job, we do a final inspection with the client to ensure that the installation happened to the specification and satisfaction of our client. Before a Peach Building Products installer leaves, they will demonstrate how the products work and show you how to maintain and care for the products. Finally, we provide the documents and details of the work for future reference, to claim rebates, and to register the warranty.
